DETAILED ACTION

Allowable Subject Matter

1. Claims 1-2, 4-24, 41-47, 52-54, and 61 are allowed.

The following is an examiner's statement of reasons for allowance: The independent claims of this present application claim that the system and method has the ability to maintain a record of trust relationships regarding the communication system, and using that to determine the level of trust between the various communicating entities over the system. This feature is not disclosed or suggested in Bork, Hashimoto, or Havinis alone or in combination.

Havinis discloses that a GMLC, MLC, or MSC/VLR can request the SLPP from a MS. None of the references disclose a telephone accessing a record of trust relationships to determine a trust level for the first mobile station.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
